

CHRISTIAN VALUES **NOW** MORE THAN EVER!

We Emphasize the 's of Education

Here's what we mean by the "A-B-C's" **A...Academics:** State-certified ...Challenging curriculum ...High test scores ...Small classes.

B...Biblical: Non-denominational ...Evangelical ...Biblical principles in daily curriculum ...Chapel once per week. **C...Community:** Encourage engagement in our community ...Field trips ...Access to international missionaries ...Giving back. Let's get even more specific.

...Community:

We care deeply about the people around us, so our students are encouraged to engage in the community, both locally and internationally. Our students experience field trips on a regular basis and have access to international missionaries. Last year, we welcomed missionaries from the Czech Republic, Peru, the Philippines and other parts of the world!
